Fair Practice Code

for ADVERTISING and SELLING

**recommended by the ASSOCIATION OF
BETTER BUSINESS BUREAUS, INC.**

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know - what they have a right to know and ought to know - so that they may buy wisely and from their purchases.

V. Be prepared and willing to stand by what is offered without quibble on any ground.

VI. Be sure that the normal use of what is offered will not be hazardous.

VII. Reveal material facts, though they might cause consumers to be disappointed.

VIII. Advertise and sell merchandise honestly and refrain from attacking your competitors upon their products, services or reputations.

IX. If testimonials are used, use only the names of witnesses who are sincere and who have used what you sell.

X. Avoid all tricky devices and unfair practices such as in allowances, fictitious list prices, comparative prices, bait advertising, low price sales and similar practices which take advantage of gullibility.

Hill Directory Company, Publishers

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Scotland Neck City Directory since 1960), present to subscribers and the general public, this, the 1962 edition of the Scotland Neck City Directory which also includes the Rural Route Residents.

Confidence in the growth of Scotland Neck's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Scotland Neck to the world.

The enviable position occupied by Hill's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the Scotland Neck Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Scotland Neck. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Scotland Neck, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major de-

partment, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Scotland Neck, and the name, official personnel, nature and address of each firm and corporation in the community.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Scotland Neck and vicinity. There are more than 1,000 of these Directory Libraries, installed and maintained in cities and towns throughout the U. S., Canada and Puerto Rico through the courtesy of the Association of North American Directory Publishers, under whose supervision the system is operated and of which Hill Directory Company, is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

The Town of Scotland Neck is located in the rich Coastal Plain area of North Carolina not far from the banks of the Roanoke River. It was settled in 1717 by Scotch-Irish settlers whose descendants still constitute a very large percent of the present population of approximately 9,000. At first they settled along the banks of the Roanoke River but successive floods of the river, which at that time had a very wide basin caused them to move back to the "piney woods" as they were called then. Later slave labor built retaining dikes to control the river. The town is now about four and a half miles from the river banks but still in the Roanoke Valley.

The chief activity is farming and the chief source of income is agriculture. Many of the farms are very large, almost plantations, and in many cases they are held by direct descendants of the original settlers. The chief crops produced in the area are cotton, tobacco, peanuts, corn and soybeans. Live-stock production is increasing. The town has an organization known as The Scotland Neck Development Corporation which has been formed by citizens for the purpose of encouraging industry to settle in the area and to provide assistance in financing. At present the chief industries are one large textile mill which manufactures hosiery, one small mill manufacturing ladies and girls pajamas, two cotton warehouses, two cotton gins, two peanut processing plants, a hog market, several sawmills and two producers of high grade lumber. The town owns its own water system and electric system and has an ample supply of power furnished by the Virginia Electric and Power Company. The terrain for several miles around the community is flat and well drained, the soil is of the loose loam variety and the average temperatures throughout the year are considered mild.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** — aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which can not be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

CONSULT YOUR DIRECTORY FIRST

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individual engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied

Read The
Scotland Neck Commonwealth

Since 1882, Halifax County's Leading Weekly Newspaper

The Commonwealth keeps abreast of County and Town affairs, and is the only weekly in the County which regularly, week after week, reports the latest developments in County affairs.

The Commonwealth tries at all times to serve the people of the county effectively in all matters affecting their interests—and without fear or favor.

The Commonwealth maintains a weekly editorial page which is devoted to bringing to the people in an effective manner the facts concerning matters of vital importance.

The Commonwealth invites inquiries concerning Halifax County, and especially the Scotland Neck Area, and will be delighted to furnish the fullest information possible on all matters pertaining to the County.

Out Of Sight!

Out Of Mind!

Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

Out of Sight - Out of Mind

★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

**HILL'S
SCOTLAND NECK****Directory of Householders, Occupants of Office
Buildings and Other Business Places, Including
a Complete Street and Avenue Guide****1962**

Copyright, 1962, By Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house-owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown after the name.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections are merely for the guidance of the publishers, and have no other significance).

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible).

KNOW YOUR
MONEY!**

The Government Never Redeems Counterfeit Money!

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.
2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT	Counterfeit —Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.
	Genuine —Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.
COLORED SEAL	Counterfeit —Saw-tooth points around rim are usually uneven, broken off.
	Genuine —Saw-tooth points around rim are even and sharp.
SERIAL NUMBER	Counterfeit —Poorly printed, badly spaced, uneven in appearance.
	Genuine —Figures firmly and evenly printed, well spaced.
PAPER	Counterfeit —Generally has no silk threads, but these may be imitated by very small red and blue ink lines.
	Genuine —Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will not prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.
4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.
5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY," which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100 from the Superintendent of Documents, Government Printing Office, Washington, D. C.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a *Street and Avenue Guide*. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.
